COMMITTEE ON
INTERIOR AND INSULAR AFFAIRS

January 15, 1960

Mr. Allen W. Dulles
Director
Central Intelligence Agency
Washington 25, D. C.

Dear Friend:

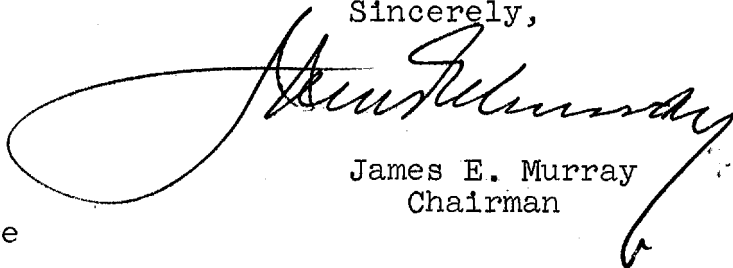

Hearings on S. 2549, the Resources and Conservation Act of 1960, have been set for January 28 and 29 in the Interior and Insular Affairs Committee room (3110 New Senate Office Building).

Because of your interest in the bill, to declare national policy on conservation, development and utilization of natural resources and assure continuing appraisal of resource policies and programs, the Committee would be pleased to have you appear as a witness at these hearings, and, in any event, to give us a statement of your views, including any suggestions you have to improve the measure, for insertion in the hearing record. If there is need, further hearings will be set.

For your convenience, I am enclosing a copy of a reprint concerning the bill, which includes its text.

I would appreciate your advising me if you can appear or will send a statement.

Sincerely,

James E. Murray
Chairman
